

**POSITION: Project Manager, retail fixture programs, Portland, Oregon**

Grand & Benedicts, a leader in global store fixture manufacturing in Portland, Oregon, is looking for a customer service-driven individual to manage retail fixture programs at our Portland, Oregon office. With over 25 years of overseas manufacturing experience, we design and manufacture award winning fixtures that surpass customers' expectations.

Your job will be to take a fixture program in its infancy, breathe life into it and see it through to a program that's all grown up and successful enough to make your parents proud. Playing this active role of juggler, top twirler and sometimes genie requires an energetic individual who is a true team player in every sense of the word. You'll serve as a liaison between retail clients, the estimator, the warehouse and the manufacturers, so exemplary customer service skills, follow-through, flexibility and attention to detail are all vital.

More important details: Experience managing projects and multiple accounts required. Understanding of the manufacturing process is a plus. Knowledge of Microsoft Excel, Word processing and Outlook is helpful. A bachelor's degree preferred.

G&B offers a competitive salary plus incentive program, 401k, profit sharing, 125 plan, PTO, exercise facility, wellness programs, life insurance, and full health benefits. Email resume to [hr@grand-benedicts.com](mailto:hr@grand-benedicts.com).
