

Slatgrid Spinner Rack

(Part # 289-2207)

- 1) Take both Wire Feet (D) and interlock together using a twisting motion.
- 2) Insert Short Post (B) up through the bottom of Wire Foot Base (D).
- 3) Insert Pin (E) through holes in between rings at the top of the Wire Foot Base (D).
- 4) Insert Long Post (C) into the top of Short Post (B) and turn counterclockwise to secure.
- 5) Insert Pin (E) through holes at the bottom of the Long Post (C).
- 6) Place a Grooved Disk (F), a Bearing Disk (G), and then another Grooved Disk (F), through the Long Post (C) until they rest on the Pin (E).
- 7) Place Square Panel Hanger (H) on top of the Disks (F-G).
- 8) Repeat steps 5-7 at top of the Long Post (C).

- 9) Take Slatgrid Panels (A) and place in a pinwheel format, as shown.
- 10) Connect Slatgrid Panels (A) with Grid Clips (J) as needed to secure.
- 11) Insert Sign Holder (K) into top of post.
